

23rd January 2026

Dear Parents/ Carers,

We are writing to let you know that we have moved to a new central data management platform for schools called **Arbor**. This is being implemented across all Camden schools.

Arbor will eventually replace Integris and ParentPay. We will use it for:

- Communication from school
- Signing up to clubs
- Signing up to parents' evening
- Accessing information about your child
- Signing up to and paying for breakfast club

We kindly ask that you take the time to sign up to and download the new parent portal over the weekend.

From next week Tuesday, 27th January, all communication will be sent to you via the Arbor parent portal.

Please take the time to complete the below steps by Monday 26th January 2026:

1. Check your inbox and junk folders for a sign-up e-mail from Arbor
2. Download the parent portal from the app store/ play store. The symbol looks like this:

3. Enable push notifications from the Arbor parent portal in your phone settings

Should you need any assistance with setting the portal up, please visit Ms Stenmark in the office.

Yours Sincerely,

Lorraine Goll
Headteacher
