

Safeguarding and Child Protection Policy 2022

Our Mission Statement

Holy Trinity and S. Silas School was founded by the Church in 1847 to serve the community and to provide an education for every child in the area.

We offer all our children an education of the highest quality taught through the arts and lived through the principles and practice of the Christian faith. We provide a place where all children and adults know their contribution is valued and where they can develop their own faith in God and in one another.

We aim to help every child develop to their full potential, to achieve highly, succeed, and grow in confidence and abilities. Our inspiring curriculum provides all the skills every child will need for life, it develops their self-confidence, awakens their imagination and encourages them to think independently.

We value the diversity of backgrounds and cultures which enrich our life and help our school become the unique place it is. The life of our school is integral to that of the Parish: we both contribute to our local community and benefit from it in our achievements.

It is in this way that we prepare our children for the future and fulfil our school motto: 'Fortis in Fide' (*Strong in the Faith*).

"And let us consider how we may spur one another on toward love and good deeds, but encouraging one another-and all the more as you see the Day of the Lord approaching." (Hebrews 10.25)

1 Purpose of Policy

This policy sets out how Holy Trinity & S. Silas School will meet its statutory duty under section 175 of the Education Act 2002 to safeguard and promote the welfare of children and help them to achieve good outcomes. We will achieve this by providing a safe learning environment and ensuring our staff have the skills and knowledge to take action where children need extra support from early help services or require a social work service because they are in need or need to be protected from harm.

The school takes a holistic approach to safeguarding, and children's safety and welfare will be the key focus when developing policies so that the school/college environment and culture is one where:

- pupils know how to raise concerns, feel safe to raise concerns and are confident that their concerns will be taken seriously;
- staff are equipped to deal sensitively and effectively with concerns and disclosures;
- inclusive and anti-discriminatory behaviour is an expectation for staff and pupils;
- all forms of bullying, harassment and discrimination, or inappropriate, sexualised or offensive language and behaviour are not tolerated;
- the wishes and feelings of pupils are taken into account at all times.

2 Linked policies

The following policies make up the school's safeguarding and child protection responses and contribute to a safe learning environment:

- Safer recruitment and staff conduct policy for schools and colleges
- CSCP guidance on dealing with allegations against staff and volunteers
- Online safety model policy for schools and colleges
- Model social media policy for schools

- dealing with allegations against members of staff and volunteers through the Local Authority Designated Officer (LADO)

- taking responsibility for those children who are missing from or not in education, including children who are known to be home educated.

3.2 Governing body

The governing body will ensure that the school meets its statutory duties with regard to safeguarding and protecting pupils and that processes are in place to enable staff to understand the nature of safeguarding children in education and their role and responsibilities in doing so.

This includes the school/college's legal duties under the Human Rights Act 1998, the Equality Act 2010 and the Public Sector Equality Duty (see Appendix 3).

In particular, the governing body will ensure the following:

The school has the following policies in place and that these are regularly monitored, reviewed and updated where necessary;

- safeguarding and child protection policies and procedures that are consistent with Camden Safeguarding Children Board procedures and Camden's internal policies, early help, online safety, extra-familial harm and child on child abuse
- a staff code of conduct policy that covers staff/pupil relationships, dealing with low level concerns and allegations, whistleblowing, communications and staff use of social media
- a behaviour policy that includes measures for bullying and harassment, including prejudice based and discriminatory bullying
- a procedure for responding to incidents where children go missing from education, particularly where there are repeated incidents that suggest potential safeguarding risks may be present.
- The school is able to work jointly with other agencies in order to ensure pupils can access help and support from early help services and statutory social work services and that children's plans are implemented and monitored.
- There is a nominated governor with responsibility for liaising with Camden CSF on safeguarding and child protection matters and who links with the LADO in the event of an allegation against the head teacher.
- A senior member of staff is appointed the designated safeguarding lead with responsibility for carrying out the statutory duties as set out in this policy, the individual is given sufficient time and resources to carry out their responsibilities and that another member of staff is appointed to deputise in their absence.
- There is a designated teacher nominated to promote the educational achievement of looked after children and previously looked after children and that this person has received appropriate training for the role.
- Staff receive a thorough induction on joining and are given copies of all relevant safeguarding and child protection policies and the staff code of conduct policy.
- Staff are confident that they can raise issues with leaders where there are concerns about safeguarding practice at the school and there are robust whistleblowing procedures in place.
- Steps are taken to ensure parents and pupils are aware of the school's safeguarding and child protection policies and procedures.
- Governors take steps to ensure children are given opportunities within the curriculum to learn how to keep themselves safe, including on-line.
- The school has appropriate written procedures in place to ensure safe recruitment practices and reasonable checks on visitors to the school, to deal with allegations against staff or volunteers and to report matters to the Disclosure and Barring Service as required, and that these policies are consistent with statutory guidance and reviewed on an annual basis.

- At least 1 member of the governing body has undertaken accredited safer recruitment training.
- All staff receive safeguarding and child protection training every year and receive regular updates from the designated safeguarding lead to ensure they remain up to date with new legislation.

- All staff are aware of their role and responsibilities for safeguarding under Part 1 of the guidance *Keeping children safe in education (2022)*.
- Staff are inducted thoroughly in line with section 5.1 of the *Safer recruitment and staff conduct policy for schools and colleges* and have read all the schools safeguarding and child protection policies, staff code of conduct, behaviour policies and the CSCB children missing from education policy so that they are fully aware of their role in safeguarding children and are able to fully implement policies.

- Safe recruitment practice is followed when recruiting to posts and appropriate action is taken whenever an allegation is made against a member of staff in line with the policy: *Safer recruitment and staff conduct policy for schools and colleges*.
- The school offers a safe environment for staff and pupils to learn.
- Safeguarding issues are brought to the attention of the governing body and is on the agenda of every full governing body meeting.

3.4 Role of the designated safeguarding lead

The role of the designated safeguarding lead and their deputy is to take lead responsibility for safeguarding and child protection within the school and to be available during school hours for staff to discuss safeguarding concerns.

Additional procedures

All staff know how to communicate a concern. They complete the proforma as well as speaking directly to the headteacher or deputy.

- have an awareness of those children who may be more vulnerable to poor educational outcomes due to safeguarding and other issues such as children in need, children with child protection plans, children with mental health issues, young carers and children who have special educational needs and

- ensure parents are fully aware of the school policies and procedures and that they are kept informed and involved;

3.5 Working with parents and carers

The school recognises the importance of working in partnership with parents and carers to ensure the welfare and safety of pupils.

The school will:

- make parents aware of the school/college's statutory role in safeguarding and promoting the welfare of pupils, including the duty to refer pupils on where necessary, by making all school policies available on the school web-site or on request;

Additional procedures

The school is also aware of the additional guidance available from the DfE on dealing with issues around parental responsibility:

<https://www.gov.uk/government/publications/dealing-with-issues-relating-to-parental-responsibility>

3.6 Multi-agency working

The school/college will work in partnership with relevant agencies in order to meet its obligations under section 11 of the Children Act 2004 and Working together to safeguard children 2018.

The school/college recognises its vital role in safeguarding school-age children and will co-operate with the Camden Safeguarding Children Partnership to ensure joint working with partner agencies in order to improve outcomes for children in Camden

As a relevant agency under the Camden Safeguarding Children Partnership (CSCP) safeguarding arrangements, Holy Trinity & S. Silas School recognises its vital role in safeguarding school-age children and its statutory duty to co-operate with the CSCP to ensure joint working with partner agencies in order to improve outcomes for children in Camden.

Governors and the senior leadership team will ensure these safeguarding arrangements are followed and that the school is able to raise any safeguarding issues and emerging trends with the CSCP via the CSCP Head teacher members and/or the Camden Learning representative.

Full details of the arrangements can be found at: [Camden Safeguarding Children Partnership — CSCP — New Safeguarding Arrangements](#)

3.7 Contacting the police

In the event that a criminal offence takes place on the school premises or police assistance is needed to deal with incidents, the school will follow the guidance set out in the NSPCC guidance *When to call the police*.

<https://www.npcc.police.uk/documents/Children%20and%20Young%20people/When%20to%20call%20the%20police%20guidance%20for%20schools%20and%20colleges.pdf>

3.8 Operation Encompass

The school will take relevant action on receipt of all police notifications of children who have been involved in domestic abuse incidents via Operation Encompass.

The designated safeguarding lead will inform relevant staff of any notification and agree what support (if any) the pupil should receive from the school.

Additional procedures

Operation Encompass is a national initiative that helps to safeguard children and young people who may have been exposed to domestic abuse. In practice, this means that if the police are called to a domestic abuse incident and a child has been present when this happened, then the police will notify the child's school's designated safeguarding lead. This will be done as early as possible in the morning and allow the school to silently support the child. This allows for rapid provision of support within the school environment and means that children are better safeguarded against the effects of domestic abuse.

Our school will share details of the notification with as few staff members as possible in order to keep the information confidential, and the school will decide on the most appropriate staff member to be informed; this may be the class teacher.

The school is not required to make a referral to CSSW following a notification as the police will have already referred the case to the MASH.

4 Safeguarding children

The school will carry out its duty to safeguard pupils which is:

- protecting children from maltreatment
- preventing impairment of children's health or development
- ensuring children are growing up in circumstances consistent with the provision of safe and effective care
- undertaking that role so as to enable children to have optimum life chances so they can enter adulthood successfully.

To achieve these aims, the school will:

- identify children who need extra help at an early stage and provide help and support in order to prevent concerns from escalating;
- where the child's extra needs require services from another agency, make a referral to the Early Help service (via the Child and Family Contact team) for appropriate help and support;
- where the child is receiving an Early Help service, work as part of the Team around the Child and take up the role of lead professional where this is appropriate;
- identify children who may be suffering from significant harm and make a child protection referral to CSSW (via the Child and Family Contact team who will pass referrals on to the MASH);
- share information and work in an integrated way to ensure a co-ordinated response from agencies to support families and meet the child's needs.

The school will refer to Camden's thresholds and eligibility criteria (available at the link below) to help make decisions on the child's level of need and the appropriate service to refer on for services. Staff will consult with the designated safeguarding lead for advice and to discuss the

case prior to making any referral for services. [Thresholds-for-childrens-services.pdf \(cscp.org.uk\)](https://www.cscp.org.uk)

All referrals for a children's social care service will be made by way of an e-CAF referral to Camden's Child and Family Contact team. The team is Camden's "front door" for children's social care referrals and accepts referrals for all cases.

Parental consent for referral will be sought but a referral will be made regardless of consent being given in cases where there are safeguarding concerns about the child and making a referral is a proportionate response to those concerns.

Staff will also share information and work in an integrated way to ensure a co-ordinated response from agencies to support families and meet the child's needs.

4.1 Early help cases

Staff will identify children who need extra help at an early stage and provide help and support in order to prevent concerns from escalating. In particular, staff will be aware of the needs of the following groups of children whose circumstances may mean they will require early help:

- children with disabilities and additional needs, including those with special educational needs
 - children with mental health needs
 - young carers
 - children showing early signs of being drawn into anti-social or criminal behaviour, including gangs and organised crime or county lines;
 - children who frequently go missing from home, school or care;
 - children who are misusing drugs or alcohol;
 - children at risk of exploitation through modern slavery and trafficking;
 - children whose home circumstances are negatively affected by adult substance misuse or mental ill health or domestic abuse;
 - children who have returned home from care;
 - children who show early signs of abuse or neglect;
 - children at risk of radicalisation;
 - children at risk from honour based abuse ie: FGM, forced marriage
 - children who have a parent in prison or who are affected by parental offending;
 - privately fostered children;
 - children who are persistently absent from school including for part of the school day.
- Where the child's extra needs require services, consideration will be given to what early help support can be offered a child by the school.
 - If the child requires an early help service from another agency, the school/college will make a referral to the Early Help service (via the Child and Family Contact team) for appropriate help and support. Staff will consult with parents prior to making any referral to discuss the matter and gain consent to refer the child.
 - Where the child is receiving an Early Help service, the school/college will work as part of the Team around the Child and take up the role of lead professional where this is appropriate.
 - Early help provision should be monitored and reviewed to ensure outcomes for the child are improving. If the school/college believes that this is not the case, consideration should be given making a referral for a statutory social work service.

4.2 Referral for a statutory social work service

Where there are concerns about a child's welfare, staff will act immediately by seeking the advice of the designated safeguarding lead or their deputy are most likely to have the most complete safeguarding overview. Following consultation the designated safeguarding lead should decide on whether to make a referral to CSSW via the Contact Service.

Where the referral raises concerns that the child is at risk of significant harm, the case will be passed on to Camden's MASH team to gather relevant information from other agencies.

The Contact Service will inform the school/college within 1 working day of the outcome of any referral and what action CSSW will be taking. This may include any of the following:

Carrying out a child and family assessment to identify the child's needs and establish if the child is **a child in need** under section 17 of the Children Act 1989. These are children (including disabled children) who are unlikely to meet a reasonable standard of health and development unless provided with services.

Convening a strategy meeting under child protection procedures as set out in section 4 for any child where there are concerns about significant harm and/or taking any immediate action in order to protect the child.

Providing services for the child and their family in the meantime whilst work is on-going (including details of services)..

5 Child protection procedures

5.1 Role of Holy Trinity & S. Silas School

The school will work to the following policy documents in order to support the protection of pupils who are at risk of significant harm.

- Working together to safeguard children (*DfE 2018*)
<https://www.gov.uk/government/publications/working-together-to-safeguard-children--2>
- What to do if you're worried a child is being abused (*DfE 2015*)
[What to do if you're worried a child is being abused - Publications - GOV.UK](https://www.gov.uk/government/publications/what-to-do-if-youre-worried-a-child-is-being-abused)
- The London Safeguarding Children Board child protection procedures
[London Safeguarding Children Board: Child Protection Procedures](https://www.london.gov.uk/what-we-do/what-services/children/london-safeguarding-children-board/child-protection-procedures)
- Keeping children safe in education (*DFE 2022*)
[Keeping children safe in education 2022 \(publishing.service.gov.uk\)](https://www.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/104444/keeping-children-safe-in-education-2022.pdf)

In line with these policies and procedures, the school will:

- identify those pupils where there are child protection concerns and making a referral to CSSW
- attend child protection case conferences in order to effectively share information about risk and harm
- contribute to the development and monitoring of child protection plans as a member of the core group

- carry out the school's role in implementing the child protection plan and continually monitoring the child's wellbeing, and liaising with the allocated social worker as required.

5.2 Recognition

- Staff have a responsibility to identify those children who are suffering from abuse or neglect and to ensure that any concerns about the welfare of a pupil are reported to the designated safeguarding lead.
- Staff should refer to appendix 1 for a full definition of significant harm and the specific indicators that may suggest a pupil may be at risk of suffering significant harm.
- Any concerns held by staff should be discussed in the first instance with the designated safeguarding lead or their deputy and advice sought on what action should be taken. Where required, advice on thresholds and indicators of harm can be obtained from the MASH social worker on a no-names basis.
- Concerns may be monitored over time and recorded on the monitoring/incident form shown at appendix 2. Details of any concerning incidents should also be recorded on this form.

5.3 Dealing with disclosures

Staff should bear in mind that children may not find it easy to disclose abuse and may need time before they feel ready to do so; in some cases, for example child exploitation, they may not recognise that what they are experiencing is abusive. Disclosure is more likely where there is a trusting relationship with the staff member and the pupil feels safe to share information.

It is important that where staff have reason to believe a pupil is at risk of harm but there is no disclosure, they persevere, giving the pupil time and space to disclose when they feel comfortable to do so. Any concerns should be shared with the designated safeguarding lead so that advice and support can be offered on how to support the pupil to engage. Consideration should also be given to addressing any communications difficulties that may be a barrier to disclosure.

If a pupil discloses to a member of staff that they are being abused, the member of staff should;

- listen to what is said without displaying shock or disbelief and accept what the child is saying;
- allow the child to talk freely;
- reassure the child but not make promises that it may not be possible to keep, or promise confidentiality, as a referral may have to be made to CSSW;
- reassure the child that what has happened is not their fault and that they were right to tell someone;
- not ask direct questions but allow the child to tell their story;
- not criticise the alleged perpetrator;
- explain what will happen next and who has to be told;
- make a formal record and pass this on to the designated safeguarding lead.

5.4 Referral

- Where possible, a decision on whether or not to refer a pupil to CSSW should be made by the designated safeguarding lead or their deputy following a discussion with the member of staff who has raised concerns. However this should not delay any referral and any member of staff may make a referral if this is necessary but staff should discuss the matter with a member of the senior management team and take advice from the Child and Family Contact team social worker. The designated safeguarding lead should be informed as soon as possible.
- Referrals should be in writing using an e-CAF referral completed either by the teacher raising concerns or by the designated safeguarding lead. Urgent child protection referrals

will be accepted by telephone but must be confirmed in writing via the e-CAF referral within 48 hours.

- Where there is any doubt about whether the concerns raised meet the thresholds for a child protection referral, the designated safeguarding lead may discuss the case on a “no names” basis with Camden’s Child Protection Co-ordinator or the Child and Family Contact team social worker to obtain advice on how to proceed.
- Parental consent should be sought prior to the referral being made but a referral can be made if parents refuse consent where there are safeguarding concerns about the child and referral is a proportionate response to these concerns. Consent should not be sought if this would place the child at risk of further harm, interfere with a criminal investigation or cause undue delay.
- If the child already has an allocated CSSW social worker, the referral should be made directly to them. If the child is not already known to CSSW, referrals should be made to the Child and Family Contact team. If the child lives outside Camden, a referral should be made to their home local authority.
- All referrals will be acknowledged by the Child and Family Contact team manager within 24 hours and the referrer informed of what action will be taken.
- If the school does not think the child’s situation is improving within a reasonable timescale following referral, this should be taken up with CSSW/Early help services via the designated safeguarding lead.

5.5 Attendance at case conferences and core groups

- The designated safeguarding lead will liaise with CSSW to ensure that all relevant information held by the school is provided to CSSW during the course of any child protection investigation.
- The designated safeguarding lead will ensure that the school is represented at child protection case conferences and core group meetings:
 - where possible, a member of staff who knows the child best, such as a class teacher or head of year will be nominated to attend
 - failing that, the designated safeguarding lead or their deputy will attend
 - if no-one from the school can attend, the designated safeguarding lead will ensure that a report is made available to the conference or meeting.

5.6 Monitoring

Where a pupil is the subject of a child protection plan and the school has been asked to monitor their attendance and welfare as part of this plan;

- monitoring will be carried out by the relevant staff member in conjunction with the designated safeguarding lead;
- all information will be recorded on the child protection monitoring/incident form shown at appendix 2 prior to each conference and core group meeting;
- the completed monitoring form will be kept on the pupil’s separate child protection file (that should be separate from the school record) and copies made available to all conferences and core group meetings;
- the designated safeguarding lead will notify the allocated social worker if the child is removed from the school roll, excluded for any period of time or goes missing.

5.7 Records

- Child protection records relating to pupils are highly confidential and will be kept in a designated welfare file separate to the pupil's education records. These records will be securely held within the school.
- The designated safeguarding lead is responsible for ensuring that records are accurate, up to date and that recording is of a high standard.
- All information should be recorded on the safeguarding monitoring/incident form (see appendix 2) and all records should be signed and dated.
- Records should show:
 - what the concerns were;
 - what action was taken to refer on concerns or manage risk within the school/college;
 - whether any follow-up action was taken;
 - how and why decisions were made.
- Any incidents, disclosures or signs of neglect or abuse should be fully recorded with dates, times and locations. Records should also include a note of what action was taken.
- The monitoring/incident form must be completed;
 - whenever concerns arise or there is a serious incident **or**
 - where a child is being monitored, prior to a case conference or core group meeting.
- Child protection files must be accessed and information shared by members of staff on a "need to know" basis only.
- Where a child who is subject to a child protection plan transfers to another school, the designated safeguarding lead is responsible for ensuring that copies of all relevant records are passed to the designated safeguarding lead at the new school within 5 days.
- The designated safeguarding lead may also consider contacting the new school to share relevant information in order to ensure the child receives the support they need as soon as they transfer.
- Child protection records will only be kept until the pupil leaves the school and should be disposed of as confidential waste.

5.8 Confidentiality and information sharing

- All information obtained by school staff about a pupil will be kept confidential and will only be shared with other professionals and agencies with the family's consent unless there are safeguarding concerns that need to be shared with CSSW and parents refuse consent or seeking consent would place the child at further risk.
- If the child is under 12, consent to share information about them must be obtained from their parents or carers. Young people aged 12 to 15 may give their own consent to information sharing if they have sufficient understanding of the issues. Young people aged 16 and 17 are able to give their own consent if they are thought to have the capacity to do so under the Mental Capacity Act; otherwise consent should be sought from parents.
- Where a child is at risk of suffering significant harm, schools and colleges have a legal duty to share this information with CSSW and make appropriate referrals. Equally, where a child is subject to a child protection investigation, schools and colleges must share any information about the child requested by CSSW.
- Parental consent to making a child protection referral should be sought but if withheld, the referral must still be made and parents made aware of this. Before taking this step, the school will consider the proportionality of disclosure against non-disclosure; is the duty of confidentiality overridden by the need to safeguard the child?
- Parental consent to referral can be dispensed with if seeking consent is likely to cause further harm to the child, interfere with a criminal investigation or cause undue delay in taking action to protect the child. However, the school will discuss this with the Child and Family Contact team social worker on a "no names" basis to gain advice on whether this course of action should be taken.

- Only relevant information should be disclosed, and only to those professionals who need to know. Staff should consider the purpose of the disclosure, and remind recipients that the information is confidential and only to be used for the stated purpose.
- In the event that a child makes a disclosure of neglect or abuse, staff cannot guarantee them confidentiality, but must explain why they have to pass the information on, to whom and what will happen as a result. Parents should also be made aware of the school's duty to share information.
- Staff should discuss any concerns or difficulties around confidentiality or information sharing with the designated safeguarding lead or seek advice from the Child and Family Contact team social worker.

6 Early Years settings within schools

This section relates only to primary schools with nurseries and/or reception classes

6.1 Legal and policy framework

As an early years provider delivering the Early Years Foundation Stage (EYFS), the school aims to meet the specific safeguarding and child protection duties set out in the Childcare Act 2006 and related statutory guidance.

The school will ensure that children taught in nursery and reception classes are able to learn and develop and are kept safe and healthy so that they are ready for school by providing a safe, secure learning environment that safeguards and promotes their welfare, and takes appropriate action where there are child protection concerns.

6.2 Safeguarding and child protection

All safeguarding and child protection policies listed in sections 3 and 4 of this policy will apply equally to children in early years settings so far as they are relevant to that age group.

In addition, the school has the following child protection policies:

- a policy on the use of mobile phones and cameras within the early years setting; recommended policies are:
 - parents and carers are asked to switch off mobile phones if they are coming into the early years setting and leave the setting if they need to use their mobile;
 - parents are generally prohibited from taking any photographs of children in the early years setting, but for special events such as school performances, may do so on the understanding that the images are not posted onto social media sites or otherwise shared;
 - staff seek parental permission to take photographs of the children, which must be linked to teaching the curriculum and that they use school equipment only for this purpose;
 - staff do not bring personal mobile phones into the early years setting and use them only during breaks in the staff room.
- a statement on how notifications will be made to Ofsted in the event of an allegation of serious harm or abuse by any person working in the early years setting.

6.3 Suitable people

The school will follow the *Safer recruitment and staff conduct policy for schools and colleges* policy set out in section 6 of this policy to ensure that staff and volunteers who are recruited to work in the early years setting are carefully selected and vetted to ensure they are suitable to work

with children and have the relevant qualifications and are not disqualified from working in childcare settings.

Staff policies set out in section 6 of this policy will apply equally to staff and volunteers in the early years settings, and the school will ensure that they receive proper training and induction so that they are aware of their role and responsibilities, all school policies and the school's expectations regarding conduct and safe teaching practice.

Whenever an allegation is made against a member of staff in the early years setting, the school will follow the Camden policy "*Guidance of the management of an allegation against a member of staff*" as referred to in section 7 of this document.

Where early years staff are taking medication that may affect their ability to care for young children, this will be notified to the head teacher.

6.4 Staff training, skills and supervision

The school will ensure that:

- all staff in early years settings have the relevant qualifications and skills for their role and receive the relevant induction, child protection and safeguarding training in line with this policy;
- all policies set out in *Safer recruitment and staff conduct policy for schools and colleges* of this policy will apply equally to early years staff;
- all early years staff receive supervision that helps them to effectively safeguard children by providing opportunities to discuss issues and concerns and decide on what action to take;
- all early years staff are able to communicate effectively in English both orally and in writing;
- a member of staff who holds a current paediatric first aid certificate is available on the school premises at all times and accompanies children on school trips;
- each child in the early years setting has a designated keyworker who liaises with parents to provide individual support for the child.

6.5 Staff ratios

The school will ensure that:

- staff levels within the early years setting comply with statutory guidance and can meet the needs of the children, provide suitable levels of supervision and keep them safe;
- parents are kept informed of staff members and numbers;
- children are kept within staff sight and hearing at all times.

For reception classes:

- class sizes will be limited to 30 pupils
- classes will be lead by a qualified teacher supported by suitably qualified support staff.

For before and after school provision, schools will decide how many staff will be required for adequate supervision based on the age and needs of the children attending.

6.6 Health

The school will:

- promote the health of children attending the early years provision
- take necessary steps to stop the spread of infection
- administer medicines only in line with the school's policy
- take appropriate action where children are ill
- ensure any meals provided are nutritious and prepared in a hygienic manner

- notify Ofsted of any serious accident, illness or death of any child whilst attending the early years setting within 14 days.

6.7 Health and safety and suitability of premises

The school will ensure that all indoor and outdoor spaces and facilities used for early years settings are safe and fit for purpose and comply with school policies and standards for site safety and health and safety as set out section 8 of this policy. Additionally, the school will ensure that all potential hazards within the school and during school trips are regularly risk assessed.

The school has specific policies for ensuring that records of parents details, and contact numbers for emergencies are kept up to date and that children are released to the care of their parent or other responsible adult with the parent's consent at the end of the day as well as policies for dealing with uncollected children.

Smoking and vaping will not be permitted on the school premises when children are present.

6.8 Managing behaviour

The school will take all reasonable steps to ensure that behaviour management techniques are appropriate to the child's age and that corporal punishment is not used or threatened. However, staff will be permitted to use appropriate physical intervention in line with Camden's Physical intervention and restraint policy. [Schools and Nurseries Safeguarding Policies - Camden Safeguarding Children Partnership — CSCP](#)

6.9 Records and information sharing

The school will ensure it keeps accurate records about the child which will be lawfully shared with others for the purposes of safeguarding children as set out in section 5.8 of this policy.

7.1 Responsibility for health and safety

The governing body and headteacher will ensure that there is a robust health and safety policy in place in order to meet the statutory responsibility for the safety of pupils and staff within the school environment.

Any health and safety policy adapted by the school will be based on the government guidance (link below) and will seek to balance risk avoidance against providing pupils with opportunities to take part in activities that help them learn to manage risk themselves.

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/279429/DfE_Health_and_Safety_Advice_06_02_14.pdf

Day-to-day responsibility for health and safety issues in the school will be delegated to a member of staff who is competent to carry out these duties and who has received the appropriate training. This is:

<p>Name: Jimmy Ioannou Designation: Site Service Officer Contact details: 02072670771</p>
--

7.2 Risk assessments

The school will seek to identify and manage risk through the use of risk assessments. These will be carried out:

- on an annual basis for the school environment as a whole;
- for all school trips;
- for pupils travelling between locations during the school day;
- for all work-based learning or work experience placements;
- when a pupil who has been excluded for risky or violent behaviour is returning to the school;
- whenever there are any changes to the school environment or school practices;
- following any serious incident.

7.3 Working with aggressive and violent parents

Where schools are working with families who are known to CSSW and there are concerns about the behaviour of parents towards members of school staff, this must be discussed with the head teacher/principal and the designated safeguarding lead and the information shared with CSSW.

If there are high levels of risk involved in contact with parents, CSSW may convene a risk assessment meeting with the network in order to discuss strategies to reduce risk, and it is vital that schools and colleges are part of this process.

7.4 Site security and visitors

- The board of governors is responsible for the security of the school premises and will take steps to ensure it is a safe environment and securely protected against trespass and/or criminal damage.
- In general, occasional visitors to the school/college such as parents will not be subject to DBS checks but their movement around the premises will be supervised.
- The headteacher will decide whether or not contractors should be subject to DBS checks before being allowed access to the building, depending on the level of access they are likely to have to pupils.
- Where the visitor is employed by an organisation where DBS checks are normally required, for example NHS staff, the headteacher will request written confirmation that relevant checks have been carried out for that individual.
- All visitors and contractors will be:
 - informed to report to reception on arrival;
 - expected to provide proof of identity
 - expected to wear a name-badge or carry some form of identification at all times when on the school premises;
 - suitably supervised by school staff at all times;
 - made aware of school health and safety procedures.
- The headteacher and the board of governors will ensure that any contract entered into with contractors' sets out clearly the expectations for worker's behaviour and the responsibility of contractors to monitor and ensure compliance with school policies.
- Contracted workers will not be allowed to approach or speak to pupils in any circumstances and must ensure that all equipment and working practices are in line with health and safety standards.
- Visiting organisations such as theatre groups who will be performing for or working directly with pupils will be expected to have adequate child protection procedures in place and must agree with class teachers in advance what level of supervision or contact they will have regarding pupils.

7.5 Alternative education provision

- Whenever the school places a pupil with an alternative education provider, the school will obtain written confirmation of the provider's safeguarding and child protection policies and

ensure that appropriate safeguarding checks on individuals working at the establishment have been carried out.

- The school/college recognise that alternative provision may increase risk for vulnerable pupils and will follow the relevant government guidance:
- <https://www.gov.uk/government/publications/alternative-provision>
- <https://www.gov.uk/government/publications/education-for-children-with-health-needs-who-cannot-attend-school>

7.6 Use of the school premises by other organisations

The school will only allow use of the school premises by other organisations schools outside of school hours for the purposes of providing supplemental schooling if:

- the schools articles of trust or other incorporating document allows this;
- the organisation provides an overview of what it intends to teach so that the board of governors is able to make a judgement on whether this is in line with the promotion of British values;
- the organisation can provide evidence that they have followed safe recruitment practices and that their staff have the requisite DBS checks;
- the following reasonable and due diligence checks are taken out on the organisation by the school;
 - an internet search on the organisation
 - checks with Camden's Community Groups and Schools Consultant (020 7974 7319)
 - checks with Prevent Education officer (020 7974 1008)
 - checks with Camden Community Safety and the local police (020 7974 2915)
- details of the agreement are recorded on the partnership agreement record

7.6 Monitoring and review

To enable the school to monitor the safety of the premises and the school environment, as well as the implementation of policies, the headteacher and the board of governors will ensure that;

- all school policies are regularly monitored by the designated safeguarding lead and annually reviewed by the head teacher and governing body;
- the school keeps a central record of all accidents and incidents including what action was taken and by whom;
- staff are aware of their responsibility to record accidents and incidents;
- the headteacher has an overview all accidents/incidents;
- serious accidents and incidents are reported to the board of governors;
- the designated safeguarding lead ensures a high standard of recording of all concerns held about children;
- all accidents and incidents are scrutinised on a regular basis by the board of governors to identify any problems or weaknesses around school safeguarding policies and procedures or any emerging patterns, and agreeing to any course of action.

Risk Assessment policy

8 Additional safeguarding policies

8.1 Non-collection of children from school

Holy Trinity & S. Silas policy is:

- The school is notified of who will normally collect the child
- Parent/carers must notify the school in advance if this changes, giving details of the person authorised to collect the child.
- The school will also ensure that the details of at least two people who can be contacted in an emergency in the event that the child is uncollected.
- Parents are asked to inform schools where children are subject to court orders that limit contact with a named individual or when information about the child should not be divulged because it may pose a risk to the child.
- Children in Year 5 and 6 are allowed to walk home alone if the school has written permission
- Siblings in Key Stage 2, living within walking distance, can go home with their older sibling

In the event that anyone who is not authorised to do so attempts to collect the child, the school will not allow the child to leave but contact the parent immediately.

If a child is uncollected at the end of the school day, the school will follow the procedure agreed with CSSW:

- The schools will check with the child to see if there are any changes to arrangements for collection and try to make contact with the parent or other family members, and wait with the child until someone comes to collect them.
- Children will not be released into the care of another parent even where they offer to take the child home.
- The school will put CSSW on notice at 4.00 pm if there are difficulties in contacting parents or other family members.
- If no contact can be made with the parent by 4.30pm, the school will contact the CSSW assessment team who will arrange for a social worker to collect the child or make arrangements for the child to be transported to the CSSW office.
- The school will regularly ask parents to confirm and update contact details and to nominate a family member or friend who can collect the child in the event that they are unable to do so.
- Where children are regularly uncollected or collected late, this should be discussed with the designated safeguarding lead and reported to the Pupil Attendance Service. If there are also child protection concerns, a referral should be made to CSSW.

8.2 Children who are missing from education or home educated

The school is aware of those children who are persistently absent or missing from school as this may be an indicator of welfare concerns.

Attendance policies should state clearly who needs to be notified and what action should be taken and any relevant timescales. Parents are asked to provide contact details for at least 2 or more people who can be contacted in the event that a child does not attend school. The school will refer to Camden's "Children missing from education" policy and the CSCB missing children protocol for further details available at: [Schools and Nurseries Safeguarding Policies | Camden Safeguarding Children Board](#)

Where a parent notifies the school that they are removing the child so they can be educated at home, the following notifications should be made:

- *The Pupil Attendance Service must be notified of all decisions.*

- If the child is already known to CSSW, their allocated social worker should be notified immediately.
- If the child is not known to CSSW, but the school has concerns about their welfare, the designated safeguarding lead should make a referral to CSSW.

8.3 Child on child abuse

The school will ensure that all staff are aware of peer on peer abuse and know what action to take when a pupil's behaviour is likely to cause harm to other pupils. This may be through:

- bullying and cyberbullying
- physical violence
- sexual violence and sexual harassment
- upskirting
- sexting
- initiation rites (hazing).

All incidents of peer on peer abuse will be dealt with under the *Peer on peer and sexual violence and harassment guidance for schools and colleges*

available at: [Schools and Nurseries Safeguarding Policies - Camden Safeguarding Children Partnership — CSCP](#)

9.4 Harmful sexual behaviour, sexual violence and harassment

- The school recognises that sexual violence and sexual harassment between pupils is a serious safeguarding issue and such behaviour will not be tolerated. School behaviour management and anti-bullying policies will reflect the school's approach and staff and pupils will be made aware of the standard of expected behaviour and the likely responses to any incidents of sexual violence and harassment.

- The school will follow the statutory guidance *Sexual violence and sexual harassment between pupils and will work with relevant agencies to safeguard and support victims, take appropriate action against alleged perpetrators and ensure a safe learning environment for all pupils.*
<https://www.gov.uk/government/publications/sexual-violence-and-sexual-harassment-between-children-in-schools-and-colleges>

All incidents involving sexual violence or sexual harassment between pupils will be dealt with under the *Peer on peer and sexual violence and harassment guidance for schools and colleges* guidance and the *Harmful sexual behaviour* protocol.

<https://cscp.org.uk/resources/sexual-harmful-behaviours/>

- The school will take all necessary steps to put in place a planned PHSE curriculum to convey the school/college's policy for preventing harmful sexual behaviour and to promote respectful behaviour between pupils with regards to sexual conduct.

- The school will promote an environment where victims feel empowered to raise concerns and report incidents. Any reports of sexual violence or harassment will be taken seriously and thoroughly investigated by the school/college and appropriate referrals made to the police and CSSW.

- The school will ensure that staff and governors receive relevant training to help them ensure an effective response to incidents that protects individual victims and safeguards the welfare of all pupils and staff.

- The school will ensure staff are able to provide appropriate support to victims and alleged perpetrators that meets their needs and continues to promote their education.

Procedures

- The school will ensure there is a robust response to all incidents and will follow the procedures set out in Part 5 of the *Keeping children safe in education* statutory guidance.
- Reported incidents will be investigated by the member of staff to whom the young person discloses in partnership with the designated safeguarding lead, who will also carry out a risk assessment to look at any continued risk to the victim or other pupils and staff from the alleged perpetrator within the school environment.
- Where the allegation involves material posted online, the school/college will request that the electronic device is handed over as part of the investigation and will use legal powers to search and confiscate property as set out in the statutory guidance *Searching, screening and confiscation* advice for schools.

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/674416/Searching_screening_and_confiscation.pdf

- The member of staff and designated safeguarding lead will write up a record of the investigation that will set out how the school will respond to the incident.
- Decisions on responses will be based on the harmful sexual behaviour risk assessment and thresholds set out in the CSCB Harmful sexual behaviour protocol. The designated safeguarding lead may take advice from MASH social workers before making a decision. Possible outcomes include referral to Early Help Services, CSSW or the police, or managing the matter internally under school behaviour policies.
- Where a referral will be made to CSSW or the police under the protocol, the designated safeguarding lead will discuss the issue with the relevant agency and following this discussion a decision will be made on whether and how to inform the alleged perpetrator and their parents.
- The school will take any necessary action to continue to safeguard the victim and other pupils within the school/college environment based on the level of risk established from the risk assessment, including decisions about the victim and alleged perpetrator sharing classrooms. These decisions will be reviewed in the light of on-going police and CSSW investigations to take account of any changes in the status of investigations and any bail conditions placed on the alleged perpetrator.
- Where necessary and appropriate, the school will consider the support needs of the alleged perpetrator and will make referrals to relevant agencies for support on their behalf under the Harmful sexual behaviour protocol. <https://cscp.org.uk/resources/sexual-harmful-behaviours/>

Sexual harassment is defined as unwanted sexual conduct likely to violate the victim's dignity and/or make them feel intimidated, degraded or humiliated or create a hostile, offensive or sexualised environment. This includes making sexual comments or jokes, physical contact such as touching or interfering with clothing or displaying sexual images. It also includes online harassment.

When dealing with incidents, the school should ensure that the written report of the incident contains objective facts and sets out clearly the next steps to be taken, with the views of the victim clearly recorded.

Schools should be aware of their equality duty as victims of sexual violence and harassment are more likely to be female but should follow the same procedures and ensure the same level of response for incidents involving male pupils or incidents where victim and perpetrator are the same sex.

Cases may be managed internally by the school under without referral to other agencies where the incident involves low-level concerns and is a “one-off” occurrence where there is no further risk to the victim or other pupils

The school would give careful thought to the day to day management of risk and support for the victim, taking into account the victim’s views when considering practical issues such as separating the victim and perpetrator. However schools must be able to justify any measures taken and that they do not interfere with the educational opportunities of either party.

The school ensures that staff and governors are able to take up training and support offered by Camden Learning around relationships and peer on peer abuse and how these messages should be delivered within the PSHE curriculum. Sexual violence and harassment will also be addressed in general, whole-school safeguarding training delivered by the CSCB, with designated safeguarding leads receiving more intense training in view of their role.

8.5 Prevention of radicalisation

The school’s safeguarding duty includes the duty to promote British values in order to counter the extremist narrative and prevent young people from being radicalised and drawn into terrorism. https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/380595/SMSC_Guidance_Maintained_Schools.pdf

Under Counter-Terrorism and Security Act 2015, the school also has a duty to refer young people on to Camden’s Channel Panel under the Prevent strategy where there are concerns that they are being radicalised.

<https://www.gov.uk/government/publications/prevent-duty-guidance/revised-prevent-duty-guidance-for-england-and-wales>

The school will follow the guidance set out in the CSCP guidance “Safeguarding children and young people from radicalisation and extremism” where:

- the school has concerns that a young person might be considering extremist ideologies and/or may be radicalised and would benefit from specialist support to challenge extremist ideologies, or
- that a younger pupil may be at risk due to their parent’s radicalisation.

The guidance is available at: [Radicalisation and Extremism - Camden Safeguarding Children Partnership — CSCP](#)

Schools should always be a safe space for young people to explore new ideas and perspectives, and develop their critical thinking skills. Where there are concerns about radicalisation and a referral under the Prevent duty to Channel Panel is being considered the school should discuss these concerns internally and also consider external advice and guidance where necessary and appropriate.

The school designated safeguarding lead should be consulted for internal advice on making a referral. Prior to making a referral the school may also speak to and get advice from Camden’s Prevent co-ordinator Albert Simango, albert.simango@camden.gov.uk or call 020 7974 2010) or the Prevent Education Officer (Jane Murphy, jane.murphy@camden.gov.uk or call 020 7974 1008).

Additional procedures

8.5 Mandatory reporting of Female Genital Mutilation (FGM)

The school will follow the statutory guidance on FGM available at:

[Multi-agency statutory guidance on female genital mutilation - Publications - GOV.UK](#)

Where a pupil makes a disclosure of FGM, the school will follow the mandatory reporting rules and make appropriate referrals to the police as set out in the CSCB guidance available at: [CSCP-mandatory-reporting-guide.pdf](#)

All concerns around FGM, including any disclosure made by a pupil, will be discussed with the designated safeguarding lead before any action is taken.

8.6 Children with special education needs or disabilities (SEND)

Holy Trinity & S. Silas school is aware that children with special education needs or disabilities may be more vulnerable to harm and abuse and may be more likely to experience bullying. They may also have difficulty in reporting harm and abuse due to communications difficulties and professionals may miss vital indicators. School policies reflect this and recognise that staff need to be able to help this group to overcome barriers to seeking help. The school will follow the CSCB guidance *Safeguarding children with disabilities*. [Safeguarding Children with Disabilities - Camden Safeguarding Children Partnership — CSCP](#)

Where there are concerns about abuse involving a pupil with SEND, the designated safeguarding lead will liaise with the SENDCO. The school/college will consider extra pastoral support for pupils with SEND including extra help in supporting communication.

Additional procedures

Inclusion policy

9 Safeguarding vulnerable groups

The school is aware that some pupils may be living in circumstances that may make them more vulnerable to abuse, neglect or poor outcomes and who may need help or intervention from Early Help Services, CSSW or other agencies in order to overcome problems or keep them safe.

The school will adhere to the following policies in order to respond to the needs of these vulnerable groups.

Children who have a social worker

The school recognises that children who are receiving a social work service from CSSW and who are subject to child in need or child protection plans are likely to have experienced abuse, neglect and trauma and that this could have a negative effect on their behaviour and learning.

CSSW social workers will inform schools whenever a child is receiving a service and the designated safeguarding lead will keep a record of all pupils who have an allocated social worker.

The school will work in partnership with social workers and the Camden Virtual school head to implement the child's plan in order to support their education and safeguard and promote their welfare. A representative of the school who knows the pupil well will become part of the professional network and will share information about safeguarding risks and attend planning meetings. In their absence, a suitable colleague will deputise for the member of staff or a written report will be provided for meetings.

Domestic abuse and/or sexual violence

Staff should be aware of the nature of domestic abuse and recognise the harm it may cause to children who witness incidents. For more details please refer to the CSCP guidance on domestic abuse. [Domestic Violence and Abuse - Camden Safeguarding Children Partnership — CSCP](#)

The school is aware that going missing is an indicator of other issues, such as child sexual exploitation, gang activity and trafficking.

Young people living with domestic or sexual violence

*Schools can refer young people affected by domestic or sexual violence to the specialist worker based in the Camden Safety Net on **020 7974 1864** for advice and support. Schools should also be aware that the definition of domestic abuse now includes victims aged 16 and 17 years old who are experiencing abuse within their own intimate relationships and that these victims should be referred to Camden Safety Net for a service in their own right.*

Young people at risk from gang activity or serious youth violence

Schools should be aware of the indicators that a young person may be involved in violent crime or may be being criminally exploited and as such at risk from becoming a victim of violence. Indicators include absenteeism, changes in friendship groups, declining academic performance, changes in emotional welfare and signs of physical assault.

Camden has a comprehensive strategy for reducing the risks posed by gang activity, and schools can refer young people to the Young Person's Advocate based in the Youth Offending Service on **020 7974 6174** for advice.

Modern slavery and trafficked children

<https://cscp.org.uk/resources/child-trafficking-and-modern-slavery/>

The CSCP protocol provides guidance for agencies where it is thought children have been trafficked into or within the UK or where they are vulnerable to modern slavery/forced labour. This includes young people who are criminally exploited under the county lines model. For more information on county lines see the Home Office guidance.

Schools should also be aware that many of these forms of exploitation are linked and that going missing from home or from education can be an indicator that young people are involved in child sexual exploitation, gang activity, modern slavery, criminal exploitation and trafficking.

Privately fostered children

*Schools have a legal duty to notify Camden of any pupil they know to be privately fostered. Schools should contact the Fostering team on **020 7974 6783** to notify Camden of any private fostering arrangements that come to their notice. <https://cscp.org.uk/resources/private-fostering-resources/>*

Young carers

*If schools have concerns about a pupil they believe to be a young carer, they can contact Family Action on **020 7272 6933** for advice and can refer the pupil on for services and support. Further details can be found on the website.*

Pupils who are lesbian, gay, bi or trans (LGBT)

The school recognises that LGBT pupils, or pupils who are perceived to be LGBT, may be more vulnerable to bullying, harassment and victimisation and may find it difficult to disclose to staff due to a lack of trust in adults. The school will provide safe spaces and opportunities for LGBT pupils to raise concerns and will ensure that LGBT inclusion is part of the sex and relationships curriculum.

10. Extra-familial harm and exploitation

The school is aware of the risk to children and young people from extra-familial harm and staff will be vigilant to the indicators of extra-familial harm in relation to pupils at all times.

Whenever staff are made aware of any safeguarding incident or concerning behaviour that has taken place out of the home and that has put a pupil at risk, staff will discuss the matter with the designated safeguarding lead and consider the level and nature of the risk before making decisions on referrals.

Young people experience physical, cognitive and emotional changes during adolescence and will grow more independent, spending more time away from home. They may pursue risky behaviours and as a result, they may face heightened risk from safeguarding threats outside of the home.

These threats may be from within the community, from other pupils at school or from their own peer group rather than from within the family and there may be no concerns about parenting other than concerns about supervision. Sources of harm and exploitation can include:

- *child sexual exploitation*
- *child criminal exploitation including county lines*
- *modern slavery and trafficking*
- *gang activity and youth violence*
- *radicalisation.*

Exploitation is a form of abuse involving an imbalance of power within a relationship that allows one party to use this power to manipulate another to carry out an act. The victim may believe that they are acting on their own accord but in fact their consent has been obtained through deception, duress or force and threats of violence. They may also be moved into the UK or around other towns and cities in the UK to facilitate their exploitation. The exploitation of the young person is a form of modern slavery and their forced movement is trafficking, both of which are criminal offences.

Factors such as substance misuse and periods of going missing from home or school can also add to young people's vulnerability to extra-familial harm and are often indications that exploitation may be taking place.

Young people can be at risk from extra-familial harm such as threats to their safety or welfare arising from behaviours and circumstances occurring outside of the home such as substance misuse, involvement in gangs, serious violence, criminal and sexual exploitation. Even though in most cases there are no concerns about parenting, these threats may still raise safeguarding concerns that need to be addressed.

Schools should be aware of the indicators that a young person may be involved in violent crime or may be being criminally exploited and as such at risk from becoming a victim of violence. Indicators include absenteeism, changes in friendship groups, declining academic performance, changes in emotional welfare and signs of physical assault.

The school will adhere to the CSCP guidance Extra-familial harm and child exploitation whenever there are concerns that young people are at risk from extra-familial harm or exploitation: [CSCP-extra-familial-harm-and-child-exploitation-guidance.pdf](https://www.gov.uk/government/publications/criminal-exploitation-of-children-and-vulnerable-adults-county-lines)

County lines and criminal exploitation

<https://www.gov.uk/government/publications/criminal-exploitation-of-children-and-vulnerable-adults-county-lines>

Criminal exploitation occurs where a person or a group of people takes advantage of their contact with and influence over a young person to coerce or manipulate them into carrying out a criminal act. Examples of criminal exploitation are:

- *county lines*
- *benefit fraud*
- *forced theft*
- *forced begging*
- *cannabis cultivation*
- *money mule (where the young person's bank account is used by others for money laundering).*

County lines is the most common form of criminal exploitation in Camden and describes when gangs and organised crime groups exploit young people to transport and sell drugs, sometimes across county boundaries but also locally and within the borough. The young people have dedicated mobile phone 'lines' for taking orders for drugs and are used as they are less likely to be stopped by police, allowing adult dealers to avoid the risk of arrest.

Indicators include unexplained money, having several mobile phones, frequent calls, being in trouble with the police for possession of drugs, being found in an area to which they have no connection.

Children and young people experiencing mental health issues

Holy Trinity & S. Silas School recognises that some pupils may experience mental health issues that can negatively affect their behaviour and their ability to participate fully in education.

The school is party to the multi-agency protocol on children and young people's mental health and will carry out its responsibilities under that protocol where there are concerns about a pupil's mental and emotional wellbeing.

[Child and Adolescent Mental Health - Camden Safeguarding Children Partnership — CSCP](#)

We will ensure that staff have an understanding of trauma informed practice and its link with mental health and are able to recognise pupils who are experiencing mental health issues and help them to access the most appropriate help. Where there are safeguarding concerns arising from a pupil's mental health issues, staff will discuss concerns with the designated safeguarding lead to agree any actions to be taken.

The school will ensure that staff are teaching about mental wellbeing (as part of the statutory Health Education) to help reduce the stigma attached to mental and emotional problems and ensure pupils know how to keep themselves mentally healthy and know how to seek support. The school will also ensure early identification of pupils who have mental health needs and put in place appropriate support and interventions, including specialist services, where needed.

The school will take account of the government guidance '*Mental health and behaviour in schools.*'

The presence of mental and emotional issues in children and young people may indicate that they have experienced some form of trauma in their lives such as neglect, abuse, social exclusion or bereavement, requiring a joint response from mental health services and social care.

The CSCP is developing a multi-agency protocol on children and young people's mental health that will provide schools and colleges with guidance on recognising and responding to pupil's mental and emotional needs and when to make appropriate referrals to the relevant mental health and social care service.

The school's mental health lead is Violet Sun

The school's CAMHs worker is Claire Vaughan and mental health worker is Rosie Everitt

CHILD PROTECTION; DEFINITIONS AND INDICATORS

Definitions

Child protection is part of the safeguarding agenda that focuses on preventing maltreatment and protecting children at risk of neglect or abuse. Under the Children Act 1989, CSSW have a legal duty to investigate and take any action to protect children where there are concerns that they are at risk of suffering **significant harm**, which is defined as:

Neglect: failure to provide basic care to meet the child's physical needs, such as not providing adequate food, clothing or shelter; failure to protect the child from harm or ensure access to medical care and treatment.

Physical abuse: causing physical harm or injury to a child.

Sexual abuse: involving children in sexual activity, or forcing them to witness sexual activity, which includes involving children in looking at or the production of pornography.

Emotional abuse: failure to provide love and warmth that affects the child's emotional development; psychological ill treatment of a child through bullying, intimidation or threats.

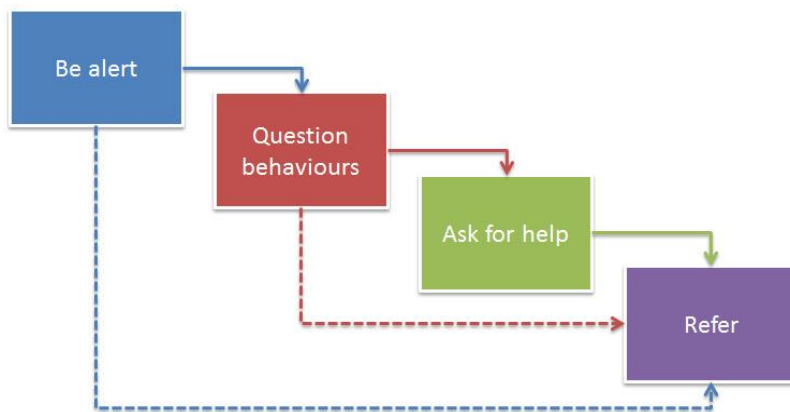

Child sexual exploitation is a form of sexual abuse where children are sexually exploited for money, power or status.

Possible indicators of abuse and neglect

Physical abuse	<ul style="list-style-type: none">• Any injury such as bruising, bite marks, burns or fractures where the explanation given is inconsistent with the injury• Injuries in unexpected places or that are not typical of normal childhood injuries or accidents• High frequency of injuries• Parents seem unconcerned or fail to seek adequate medical treatment
Sexual abuse	<ul style="list-style-type: none">• Sexual knowledge or behaviour that is unusually explicit or inappropriate for the child's age/stage of development• Sexual risk taking behaviour including involvement in sexual exploitation/older boyfriend• Continual, inappropriate or excessive masturbation• Physical symptoms such as injuries to genital or anal area or bruising, sexually transmitted infections, pregnancy• Unwillingness to undress for sports
Emotional abuse	<ul style="list-style-type: none">• Developmental delay• Attachment difficulties with parents and others• Withdrawal and low self-esteem
Indirect indicators of	<ul style="list-style-type: none">• Sudden changes in behaviour• Withdrawal and low self-esteem

abuse and neglect	<ul style="list-style-type: none"> • Eating disorders • Aggressive behaviour towards others • Sudden unexplained absences from school • Drug/alcohol misuse • Running away/going missing
Parental attributes	<ul style="list-style-type: none"> • Misusing drugs and/or alcohol • Physical/mental health or learning difficulties • Domestic violence • Avoiding contact with school and other professionals
Child sexual exploitation	<ul style="list-style-type: none"> • Children who appear with unexplained gifts or new possessions; • Children who associate with other young people involved in exploitation; • Children who have older boyfriends or girlfriends; • Children who suffer from sexually transmitted infections or become pregnant; • Children who suffer from changes in emotional well-being; • Children who misuse drugs and alcohol; • Children who go missing for periods of time or regularly come home late; and • Children who regularly miss school or education or don't take part in education.

There are four key steps to follow to help you to identify and respond appropriately to possible abuse and/or neglect.

It may not always be appropriate to go through all four stages sequentially. If a child is in immediate danger or is at risk of harm, you should refer to the designated safeguard lead.

Appendix 3: Legal duties

Human Rights Act 1998

The Human Rights Act 1998 sets out an individual's rights and freedoms under the European Convention and public organisations such as schools must ensure that these rights and freedoms are protected whenever decisions are being made about an individual pupil. The relevant rights are:

- Right to an education (Article 2)
- Right to freedom from inhuman and degrading treatment (Article 3); this is an absolute right that cannot be limited in any way
- Right to respect for privacy and family life (Article 8); this is a qualified right which must be balanced against the rights of others.

Any form of (sexual) harassment, violence or abuse may be a breach of these rights.

Equality Act 2010

The Equality Act states that public organisations such as schools must not unlawfully discriminate against pupils because of their sex, race, disability, religion or belief, gender reassignment, pregnancy or maternity, or sexual orientation. This means schools must consider whether they are affording the same level of safeguarding to pupils with these protected characteristics as all other pupils.

Schools must be able to demonstrate that they have taken proportionate positive action and/or made reasonable adjustments in order to deal with the disadvantages faced by these groups. For more guidance see:

[Equality Act 2010: advice for schools - GOV.UK \(www.gov.uk\)](http://www.gov.uk)

Equality Duty

Under the Equality Act, public organisations such as schools have a duty to eliminate unlawful discrimination, harassment and victimisation and ensure equality of opportunity for all pupils. When making decisions, schools must be aware of this duty and ensure that decisions do not unlawfully discriminate against groups of pupils who are protected under the Act. For example, schools should be aware that some groups of pupils, for examples girls or LGBTQ pupils may be more vulnerable to sexual violence or harassment.

Safeguarding children monitoring/incident form

SAFEGUARDING PUPILS AT HOLYTRINITY AND S.SILAS SCHOOL

At Holy Trinity & S. Silas we all work together to keep pupils safe by:

- Providing a safe environment in which to learn; and
- Identifying pupils who are suffering, or likely to suffer, significant harm, and taking appropriate action with the aim of making them safe both at school and at home.

Staff guidelines (including regular visitors/volunteers working with pupils)

If you think a child is in need because they are suffering, or likely to suffer, harm you MUST:

1. Write down what you have been told or seen
2. Explain that you can listen to them but if you feel they are in danger of any harm then you will have to seek advice because you have a duty to protect children. Then reassure them that they can be helped and kept safe.
3. Ask simple, open questions such as Who? What? Where? When?
4. Be discreet – say or do nothing to place the pupil or yourself at risk
5. **Act promptly and share the information with your designated person for safeguarding at Holy Trinity & S. Silas school.**

They are:

DESIGNATED SAFEGUARDING LEAD: **Lorraine Dolan**

DEPUTY DESIGNATED SAFEGUARDING LEADS: **Neil McIntyre, Pam Macmeikan**

Please inform Lorraine in first instance or Neil/Pam if Lorraine is not available

You MUST NOT

- Make assumptions – keep an open mind
- Ask leading questions or cross examine the pupil.
- Physically examine the pupil- unless an emergency and no first aider is present
- Promise to keep secrets.

If your concerns or the disclosure relates to a member of staff this should be shared with the designated officer immediately and nothing should be said to the colleague involved.

ALL STAFF MUST LOG ANY CONCERN ABOUT A CHILD ON CPOMS – a niggles is a concern and it must be logged.

If you are unsure of the school safeguarding procedures please see the designated officer immediately.

The procedures protect not only the pupils in our school. They protect the staff too.

Appendix 5: School central record

Important notes

This record should indicate what checks have been taken out for the following:

- For schools, all staff, including supply staff and teacher trainees on salaried routes, who work in school and others who work in regular contact with children in school, including volunteers
- For independent schools, including academies and free schools as above plus all members of the proprietorial body and involved in the management of the school

Agency staff

Please give details of confirmation of checks that have been carried out by the supplying agency.

Volunteers

- Unsupervised volunteers should not be left alone or allowed to work in regulated activity.
- For new volunteers in regulated activity who regularly teach children unsupervised an enhanced DBS is needed with a barred list check.
- For new volunteers not in regulated activity, schools should obtain an enhanced DBS certificate.
- Existing volunteers who provide personal care, the school should consider obtaining an enhanced DBS.
- Existing volunteers who are unsupervised do not need to have a DBS check with a barred list check because the volunteer should have been checked originally.
- For existing volunteers not in regulated activity there is no requirement for an enhanced DBS check (a school can request one but may not request a check of the barred list).
- For a volunteer not engaging in regulated activity a risk assessment should be made and a professional judgement made about the need for an enhanced DBS check.
- Supervision of volunteers – there must be supervision by a person in regulated activity, where supervision occurs, this must be regular and day to day and the supervision must be reasonable in all the circumstances to ensure the protection of children.

Regulated activity

Regulated activity (see p20 for definition) – the period condition is at any time on more than three days in any period of 30 days. 'Frequently' is doing something once a week or more. Work of the nature defined is considered regulated activity if done regularly; where this is the case an enhanced DBS check is needed with a barred list check.

Contractors

Contractors or employees of contractors working at the school should have the appropriate level of DBS check if a check is required, eg if the contractor is carrying out teaching or providing a level of care or supervision of children regularly.

Documents and certificates

Please give details of any documentary evidence obtained as part of each check. Please note that there is no requirement to list DBS numbers. Also, to comply with the Data Protection, DBS certificates should not be retained any longer than six months. Other documents to verify identity, right to work in the UK etc, should be kept in personnel files.
